

Presentation Guidelines

Preparation of the Presentation

Oral Presentations

Each oral presentation is allocated 15 minutes. To keep the conference running on time, this time limit will be enforced. We recommend that you plan to speak for about 12 minutes, leaving 3 minutes for questions from the audience. Please rehearse your presentation before you give your presentation at CCN. Pre-recorded presentations are not allowed.

At the conference, please test your slides prior to the start of your session. You can perform this testing using facilities in the provided green room.

Poster Presentations

Rectangular boards will be provided, with the full space available for your poster. The recommended poster size/orientation is A0 (Portrait): 84.1 cm wide by 118.9 cm high. The poster is not required to fill the entire board space, but we recommend large posters to ensure visibility by your audience. Push pins or other attachment methods will be provided. Each poster will be assigned a number, called the Board Number, which will indicate where to post your poster.

Each poster will be assigned a number, called the Board Number, which will indicate where to post your poster. Note that every poster should have at least one presenter standing next to the poster during the specified time.
